## EDITORIAL DESK

**It gives me immense pleasure to be the part of this wonderful profession, where there is an enormous opportunity to have self growth. Following elements have motivated me to be the part of this profession.**

It started when I was a child I used to enter the school compound holding my mom's hand. She used to smile and leave me there to enjoy my day. Those days were very precious part of my childhood memories where I was free to do whatever I want, whatever I wished. I was like free butterfly yes a butterfly instead of bird because a bird would choose free sky but a butterfly would choose to settle down on different flowers. Even I was happy to settle down on my flowers of imagination. The most consequential part was the "Black Board". I used to wait badly for my turn to write on black board. During my school days board monitors were appointed for each class but, everyone was given a chance to write on board specially those who had good handwriting and fortunately my handwriting was good. So, I was even appointed as board monitor by class teacher but, my this love with the black board didn't end here I wanted to write more and more on the board as a result I started to learning my answers only after writing them on board. Well this board was not of school but it was brought by mom for me because of my demand to have my personal board in my room. But what next when I was done with my school days no more notes, no more board writing was it the end? No I then came up with the decision of joining a part time job as an assistant in one of the tutorial. I was given social science for teaching the students I had three batches of STD 6, 7, 8. And this time the black board had turned into a white board with no chalk but a marker to write down. It was a new experience for me after my college lectures I used to reach the tutorial and have my classes. The days passed and I did now in my last year of graduation I was happy with my daily routine but was not know

that soon my routine would change. After my graduation it was time for me to choose my profession. I attended lot of seminars but was not satisfied with any of the options. Soon I was missing my classes when used to teach. Later on I realized that my love for the black board could also turn into my profession. This thought made a clear picture in my mind and I came up with decision of becoming A TEACHER. I took all the information regarding the various professional teaching courses and opted for doing B.Ed. It was the turning point of my life I went under so many training session and lectures to become a perfect teacher. We had internships, practice teachings, planning, exercises etc to establish ourselves as good teachers. During these sessions I realized that how important role a teacher plays in a student's life. In fact even develop this passion of board writing from my teachers itself. This is really a cathartic profession which not only changes a single life but many lives and future of students.

As we all know, a magazine mirrors a school's aims and objectives. It also highlights events, activities and achievements of students. I do hope the magazine encourages many more students to use it as a platform to express their creativity.

Once again, we express gratitude to the Management, Trustees, the Vice- principal, Educational advisor and last but not the least, our ever supporting parents.

It gives an opportunity to a teacher to build positive relationships with students, colleagues, parents & the wider community. Sometimes, you become a role model. People look to you for advice & guidance & that feels pretty good.

A teacher's purpose is not to create students in his own image but to develop students who can create their own image. It's a greatest achievement for a teacher when her student becomes a successful person in life. The task of the modern educator is not to cut down jungles, but to irrigate deserts.

Teaching is that one profession that creates all other professions. A teacher ignites the fire that fuels a student's thirst for knowledge, curiosity & wisdom. Let us remember: one book, one pen, one child & one teacher can change the world.

## **THE MOST FASCINATING ELEMENTS IN TEACHING PROFESSION...**

What's the best thing about being a teacher? If you are like the majority of people out there, you probably answered "summer holidays!" And this is a great perk of being a teacher, without a doubt, but it is a superficial advantage compared to the much greater, deeper satisfaction that comes from being a teacher.

I have created a list, a little bit tongue-in-cheek, of the greatest fascinating things about being a teacher. The list is delivered Letterman-style, with the tenth reason being listed first, and saving the best for last. This is my list. Your list may be different but it's good to think about the good things about being a teacher when you need encouragement. If you are thinking about becoming a teacher, this article will give you an idea of some of the benefits you can expect to enjoy.

### **10. Summer Vacation**

Yes! Two months off every year. How we teachers look forward to June, counting down the last few days of the school year in anticipation!

Even the keenest of teachers, most loving and dedicated, looks forward to a break. And a long, luxurious break we have. Kind of. Many of us still do prep work during the summer, getting ready for the next year.

But still ... we don't have to officially "go to work." And that IS a pretty sweet deal, no matter how you slice it! So, summer holidays are definitely on the top ten for the best things about being a teacher.

### **9. Shorter Work Day**

One of the most well known advantages of teaching is the hours. While teachers often put in a lot of extra hours at home, doing preparation and marking student work, they are only obligated to actually be "at work" for a shorter time than most office and corporate jobs. Therefore, there is more opportunity to make their hours fit around a family.

This is a great bonus, and does provide great appeal, especially to those individuals who want their work hours to match their children's school hours.

### **8. Wages and Benefits**

The issue of teacher pay is a controversial one. Some political interests complain that teachers get paid too much, and teachers' unions will all agree we get paid too little.

Aside from the politics, though, we have to agree that teaching usually is not a bad-paying gig.

It's a job that offers a living wage, in most cases. In most cases, the wage also increases for every year of experience a teacher has, up to a certain limit. That means a guaranteed raise for the first ten years or so. Benefits are also an excellent reward for being a teacher. Teacher unions can be commended for this one. They have negotiated settlements for their workers that usually include medical, insurance, and good pensions. Teachers are taken care of, and this does not happen in every line of work.

### **7. The Prestige**

For the most part, teachers are well-respected in our society. Teachers work with the young, and most people know they are doing a job that few could do. Yes, there has been controversy in recent years with political will that seems to question teachers' competence, but overall teachers are usually people that to which people look up.

I am not embarrassed to be a teacher because it is a valuable job that helps people makes their way in life. The prestige in teaching comes because the teaching profession is difficult and challenging.

### **6. Sense of Belonging**

One of the basic human needs is a need for belonging, and teaching can provide that. A teacher has a place to go every day, where she is much needed.

A teacher is part of a classroom, which is part of a school, which is part of a school system. As much as we may tire of the bureaucracy, there is a certain comfort in knowing that as a teacher, you belong in that hierarchy.

Every year, you receive your course assignment, and you are that teacher for the year: *third grade, grade 10 English ...* whatever it is, but it's yours, and you know what your job is, and what your assignment is.

### **5. Novelty -- No Day Is Ever the Same**

Those who have taught know exactly what I mean here. Teaching is NEVER the same from one day to the next. The constant flux of variables: students present in class, student moods, time of year,

time of day, other events in the school, lesson for the day ... make this profession a never-ending kaleidoscope of variety and change.

Being a teacher is not a boring job! Frustrating, yes, sometimes. Difficult. Yes. But boring, no! For someone like me, who loves adventure, you go on many journeys right within the walls of your classroom. Journeys of growth as students grow, you grow, and the class as whole grows.

### **4. Lifelong Learning**

"Lifelong learning" is one of the buzzwords of today's career development literature. Lifelong learning is one of the biggest requirements for the twenty first century worker. Lifelong learning means that a worker can adjust to the constant changes in technology and culture coming our way.

Well, teachers have had this covered far before it became a popular phrase. Teachers have had to learn and develop our skills. It's just part of the job. And the great part of it is, we are actually paid to learn. It's called professional development, and there are several days in the year set aside, simply to grow as a teacher. As well, teachers are paid higher for more education. In other words, a master's degree almost guarantees a higher wage. Now, that does not happen everywhere! And this focus and appreciation of learning, is a great perk to being a teacher!

### **3. The Relationships**

The relationships you develop as a teacher are absolutely amazing. You are meeting people at a critical point in their life, and having a chance to build into their lives. It's fantastic! You see your students every day, or every other day, and you get to know their minds, and their hearts. It is a great privilege, and such a wonderful thing about being a teacher.

As teachers, we will be remembered by students for the rest of their lives. The respect and love we show in the classroom has an impact on a student's view of themselves, on their other relationships, and on their future. Relationships are one of the three best reasons for being a teacher.

## 2. Sense of Purpose

I believe that teaching is a calling, and that calling give great purpose to one's life. It is building people, and helping them become more of what they are meant to be. I do not know of anything more fulfilling than knowing you have taught a good lesson that was understood. Teaching is giving of you to others, pouring out your knowledge and wisdom, to be used up by the students. It is helping, first the mind, but also the heart.

Teachers play a vital role, alongside the parent, in shaping the young people of our nation. And that has to be one of the greatest purposes there is.

### 1. The Light bulb Moment

NUMBER ONE GOOD THING ABOUT

TEACHING IS ... The Light bulb moment! The best thing about being a teacher is seeing students learn, seeing them "get it."

That moment is what makes it all worthwhile: the prep work, the hassles, and the planning. When what you planned the night before, makes a connection with a student, and they learn something they did not know before. They get it, and it's a beautiful sight! That is what teaching is about, and that is what real teachers teach for.

**Ritika Sharma**  
(Faculty of Science)

Teaching profession needs following elements in order to increase skill of the teachers. These are:

Active learning – Formative assessment here also makes sense. The day-to-day, minute-by-minute kind of assessment is needed to elicit evidence of student learning and move the learner forward. Formative assessment strategies and tactics can also help create classroom environments where students take control of their own learning.

Deeper knowledge of content and how to teach it – Sound professional development has to go beyond techniques, where teachers become subject matter experts.

Sustained learning, over multiple days and weeks – Teacher professional development needs to be ongoing, teacher-led, and collaborative for true success.

I think these three elements of teacher professional development are spot-on, and certainly elements that need to be part of any program aimed at the development of teacher.

Most fascinating element of teaching profession are:

1. Choice – Teachers are like students; they need and appreciate choice. Choice within a given framework or focus allows teachers to determine their personal priorities.
2. Flexibility – In addition to choice, teachers need to be allowed to make modifications to make the new learning work best in their own classroom environments.
3. Small Steps – Learning is incremental. It takes time to change practice and to be lasting it must become a part of the teacher's routine. Professional development for teachers that allows them to practice, in small steps, supports this idea. As Carol Dweck often states, by applying yourself to the task of becoming a little better each and every day over a period of time, you will get a lot better.
4. Support and 5. Accountability – Change in teaching practice is challenging and requires both support and accountability. Teacher Learning Communities provide teachers the opportunity to develop personal action plans, report back to the group what happened as a result of implementing those plans, and reflect and receive feedback (support) from colleagues.

Mahatma Gandhi was a hero, as well as a political and spiritual leader of the nation. Mohandas brought India to independence by using non-violent resistance. He thought that there was injustice being served to the Indians especially to the immigrants by the South Africans. Leadership was one of Gandhi's heroic qualities. Gandhi believed in living a simple life. Bravery is another quality that describes Gandhi. His brave work was the "Dandi March" and many others. The Dandi March was an Indian march laid by Gandhi for salt. Because of all these qualities, Gandhi Ji is my hero.

Amitabh Bachhan is my real hero. He was born in Allahabad. His father's name is Harivansh Rai Bachhan. He struggled a lot in his life. I saw all his films and programs. He first gained popularity in the early 1970's for films such as Zanjeer, Deewar and Sholay. He appeared in over 190 Indian films in his career spanning almost five decades.

Bachhan is widely regarded as one of the greatest and most influential actors in the history of Indian cinema as well as world cinema. So total was his dominance on the Indian movie scene in the 1970's and 1980's that the French director Francis Truffaut called him "one – man industry." He is my favourite hero because from 1970's till now he is in the film industry and he is also a famous hero. From this we learn that there is no limit to do hard work. He won many awards as a hero, comedian and a supporter.

**Akanshya Pani of class 5<sup>th</sup> A says...**

Once when I was travelling along with my parents, I saw a man was travelling in our compartment. An old man was sitting beside him. He was not well and was not having reserve ticket. So, the young man offered his own seat to the old man to take rest. When the train stopped at Ahmadabad railway station, he saw a small child was eating the food thrown by the travelers on the railway tracks. He called the small child and ordered food from the canteen and gave it to the small child. Then the train started moving towards its destination. Suddenly the young man noticed that the old man had fever, he brought some medicines and fruits for the old man from the very next station. However he knew that he could have missed the train and his family also. But for the sake of the old man he took the complete risk. The young man whom I consider as real hero is my father himself who helped the child and the old man in the story.

**TOPIC: WRITE ABOUT SOMETHING YOU ARE GOOD AT...**

**Prerak Patadia of class 6<sup>th</sup> A says...**

Every person on this earth is special. Nothing is good or bad. It's our vision to see and perceive everything as good or bad. Every person in this world has got some qualities and talents which are unique in their own way. As far as I am concerned, I am good at my ethical values which my parents have given it to me. The way I talk, behave, pray, respect to people and dedication towards any work is a good quality which I possess.

Being good at my ethical values is the only reason I am good at my studies too. I always try to be regular and punctual in all my daily tasks. My values only had made me a good listener and a soft spoken person. At last, I would like to say that every one of us had got a hidden talent which we need to identify and modify to get the best out of it.

**Rinkal Patel of class 7<sup>th</sup> B**

Being a girl, I am good at dance. I just love dancing. Dance is something which you can enjoy at any point of your life. It doesn't matter where you are and what you do, it's just the feeling of dance. At our age, we spend most of the time either studying or playing video games or use I phones which makes our bodies lethargic and dancing is the only activity which makes me active and energetic all the time. It makes me feel alive and helps to reduce my stress levels during exams. According to me, dancing is the best exercise one should do to be relaxed and stress free.

**Yadukrishna Mullakara of class 8<sup>th</sup> C**

I am good at my drawing art and my sincerity, behavior and commitment towards my work. I am a regular student at my school and complete my work on time. I participate in all co curricular activities especially in drawing for which I had received many certificates and awards. In my free time, I make sketches and draw free hand drawing and while doing this activity, my heart fills with immense pleasure

and joy and I enter into an entirely new world of fantasy of my dreams. I am able to draw pictures of sceneries and posters on any given topic. And lastly I would also like to excel in this field in future by taking special training on free stroke painting and drawing.

**Tamanna Khatariya of class 8<sup>th</sup> C says...**

People are good in several things like dancing, playing sports, singing, teaching comedy etc as they are very much interested in that particular activity. I am good in essay writing and had received many certificates for the same. I can easily express my thoughts and give them the shape of words which comes in the form of essay. Whatever the topic is like Growing India, Demonetization, Terrorism, Education for All, Peer Pressure; I can put across my views about it in a very easy way. But for this I keep myself updated by reading newspaper and watching news channel. Lastly, I would like to say that whatever you are good at, you need to identify it and sharpen it to make your tool to success.

**Rahul Baitha of class 6<sup>th</sup> A says...**

“Everyone does have a passion for something in their life that motivates or inspires in some way.” I am also one of them and passionate about drawing and paintings. I am very fond of drawing classes at my school as I get a chance to explore my talent and learn new art. For me, drawing and painting is something without which I cannot imagine my life. I my free time, the only thing which I do and enjoy is drawing and I want to nurture my talent by learning new techniques and improving my drawing skills. I also wanted to make my passion my career for which I will learn at every step of my life as it is said, “If you can’t fly, then run. If you can’t run, then walk. If you can’t walk, then crawl. Whatever you do, you have to keep moving forward.”

**Amandeep Singh Uppal of class 8<sup>th</sup> C says...**

Every person in this world has their own specific talents in which they are masters like Lata Mangeshkar in singing, Sachin Tendulkar in

cricket and Sanjeev Kapoor as master chef. I am also good at drawing and want to attain mastery in this skill. I am very good at drawing sketches and participate in all the drawing activities and also win many certificates. When I grow up and become an adult, I would like to become an artist and help the Police Department for making sketches of criminals and help my country in this way.

**Anamika Kumari of 7<sup>th</sup> B says...**

Quality of work is the way to show people your inner talent and expose it in front of everyone. Every person in this world has some or the other talent to represent and create a difference among others. Some people may be good at singing and wanted to be like Neha Kakkar or Shreya Ghosal. Some may be good at dancing or karate. But something in which I am good at is my studies. In my early years of schooling, I was an average student and I used to come fourth or fifth in the class and I observed that the rankers get their name written on the black Board as Star Student. That day I decided that one day my name will also appear on that black board. So I started doing my studies well with the concept of understanding and active participation in class during interactive sessions. I tried to improve every aspect of mine like writing skills, presentation, behavior in class and discipline. And the next year, my name was on the board. From that day onwards, I decided to stay committed and dedicated towards my studies and score 10 CGPA in my Board Examination.

## मेरी माँ

हमारे जीवन में माँ की भूमिका हमेशा अलग होती है। वह जीवन में शामिल दूसरे लोगों से अनमोल होती है। माँ ही वो इंसान है जो अपने बच्चों के बुरे दिनों में भी उनके साथ रहती है, और उनके बीमार होने पर रात भर जागती है। उनकी हर खुशी में शामिल होती है, उनकी पसंद नापसंद का हर वक्त ध्यान रखती है। अपने बच्चों को सही राह पर आगे बढ़ने के लिए मार्गदर्शन करती है और जीवन में सही कार्य करने के लिए प्रेरित करती है। वो हमारी पहली अध्यापक होती है जो जीवन भर हर कदम पर हमें नई-नई सीख देती है। गलत-सही में अन्तर बताती है। हमें अनुशासन का पालन करना, अच्छा व्यवहार करना सिखाती है। माँ का पूरा दिन हमारी जरूरतों को पूरा करने में बीता जाता है फिर भी वह अपने बच्चों से वापस कुछ भी नहीं लेना चाहती। माँ के प्यार की तुलना नहीं की जा सकती। इसी लिए भगवान ने पृथ्वी पर ममता के रूप में माँ को भेजा है। मेरी माँ सबसे अच्छी माँ है।

## मेरी माँ

जब मैं रोया तब मेरी माँ इतनी प्रसन्न हुईं जितनी शायद ही वह पहले कभी हुईं होगी। मेरे रोने की आवाज सुनकर उसके मन में खुशी की लहर दौड़ गई, आखिर पूरे नौ महीने उसने इंतजार किया था, मेरी आवाज सुनने का। हाँ यह बात उस दिन की है जिस दिन मैं पैदा हुआ था।

अब जब मैं हँसता हूँ तो माँ हँसती है, जब मैं रोता हूँ तो माँ रोती है।

मेरी माँ बहुत अच्छी है। वह मेरा पसंदीदा खाना बनाती है। मेरे अलावा वह पूरे परिवार का ध्यान रखती है। वह मुझे पढ़ाती, कहानियाँ सुनाती और अच्छी-अच्छी बातें सिखाती है। मेरी माँ घर के साथ-साथ बाहर का भी काम बहुत अच्छी तरह से संभालती है। वह एक परी जैसी है। वह मुझे बहुत प्यार करती है। अगर मुझसे कोई गलती हो जाए तो मेरी माँ मुझे प्यार से समझाती है। उन्होंने ही मुझे और मेरे भाई को जन्म दिया है। मुझे मेरी माँ बहुत प्यारी है।

## मेरे सपनों का भारत

भारत हमारा देश है और इसे दुनिया में सबसे अच्छा देश बनाना हमारा फर्ज है। हमारे देश में कई ऐसी समस्याएँ हैं जिनकी वजह से हम पीछे रह गए हैं। यहाँ के लोग बहुत बेईमान हैं। इसलिए हमारे देश का विकास नहीं हो पा रहा है। हमारे प्रधानमंत्री श्री नरेंद्र मोदी जी कठिन प्रयास कर रहे हैं देश को आगे बढ़ाने के लिए। मेरे सपनों का भारत पुरे विश्व में सबसे अच्छा देश होगा। निरीक्षरता, बच्चों का विद्यालय न जाना आदि ऐसी कई समस्याएँ हैं जिनकी वजह से हम पीछे रह गए हैं। अगर हम बेईमानी को छोड़ दें तो हमारे देश का विकास जल्दी होगा। बेईमानी कि वजह से अमीर और अमीर बनते जा रहे और गरीब और गरीब बनाते जा रहे हैं। देखा जाए तो बाहर के देश जैसे अमरीका, जापान आदि भारत से बेहतर हैं क्योंकि वहाँ लोग ईमानदार हैं, सड़के एकदम साफ हैं और वहाँ अनपढ़ लोग कम हैं। उनसे आगे निकलने का कठिन प्रयास करना चाहिए ताकि हमारा भारत एक बेहतर देश बन सके।

## मेरे सपनों का भारत

हमारा भारत देश विविधताओं में एकता के लिए विख्यात है। यहाँ अनेक जाति, धर्म, समुदाय और संस्कृति के लोग रहते हैं। लेकिन फिर भी कुछ लोग अपने स्वार्थ के लिए लोगों के बीच जाति और धर्म के नाम पर भेद-भाव करवाते हैं।

मैं चाहती हूँ कि मेरा सपनों का भारत ऐसा हो, सभी लोग शिक्षित हों, सभी लोगों के पास रोजगार हो, अमीर और गरीब में भेद-भाव पूरी तरह से समाप्त हो जाए। हमारा देश उच्चतम स्तर पर पहुँचे। आपस में भाई-चारा हो, लोग एक दूसरे के साथ मिलकर और से रहें। हमारा देश विकास की ऊँचाइयों को छुए और वैज्ञानिक तकनीक में प्रसिद्धि प्राप्त करें। सभी लोग एक-दूसरे के धर्म का आदर करें। तभी भारत के लिए यह शब्द विविधताओं में एकता पूर्ण रूप से सार्थक होगा। मेरा देश फिर से सोने की चिड़िया कहलाएगा। ऐसा होना चाहिए मेरे सपनों का भारत।

## मेरे सपनों का भारत

भारत आज एक समृद्ध सांस्कृतिक विरासत है। विभिन्न जातियों और धर्मों के लोग इस देश में शांति से मिलजुल कर रहते हैं। आजकल लोग अपने स्वार्थ हेतु खुद को दूसरों से ऊँचा साबित करने हेतु अन्य लोगों को भड़काने की कोशिश करते हैं। जिससे देश की शांति में बाधा आती है। मेरे सपनों के भारत में इस तरह की विभाजनकारी प्रवृत्तियों की कोई जगह नहीं होगी यह ऐसा स्थान होना चाहिए जहाँ विभिन्न जातीय समूह एक-दूसरे के साथ एकदम तालमेल में रहते हों। मैं भारत को विकसित रूप में देखना चाहती हूँ। नीचे दिए गए कुछ मुद्दे ऐसे हैं कि मेरे सपनों के भारत को सच बनाने के लिए लोग अपनाएं-

### शिक्षा और रोजगार-

मैं ऐसे भारत का सपना देखती हूँ जहाँ हर नागरिक शिक्षित हो और हर किसी को योग्य रोजगार का मौका मिले। शिक्षित और प्रतिभाशाली भारत के विकास को कोई नहीं रोक सकता।

### जाति और धार्मिक मुद्दे-

मेरे सपनों का भारत एक ऐसा भारत होगा जहाँ लोगों के साथ उनकी जाति या धर्म के आधार पर भेदभाव नहीं किया जाएगा। जाति और धार्मिक मुद्दों को दरकिनार करके कार्य करना राष्ट्र को मजबूत करने में काफी महत्वपूर्ण कदम होगा।

### औद्योगिक और तकनीक विकास-

भारत ने कुछ दशकों में औद्योगिक और तकनीक विकास दोनों को देखा है। हालांकि यह विकास अभी भी अन्य देशों के विकास के समान नहीं है। मेरे सपनों का भारत तकनीक क्षेत्र के साथ-साथ अन्य क्षेत्रों में तेजी से प्रगति करेगा।

## मेरे सपनों का भारत

भारत खुद में एक समृद्ध सांस्कृतिक विरासत है। विभिन्न जातियों और धर्मों के लोग इस देश में शांति से रहते हैं। हालांकि ऐसे लोगों के कुछ समूह हैं जो अपने निहित स्वार्थों को पूरा करने के लिए लोगों को भड़काने की कोशिश करते हैं। जिससे देश की शांति में बाधा आ जाती है। मेरे सपनों के भारत में इस तरह की विभाजनकारी प्रवृत्तियों की कोई जगह नहीं होगी। यह ऐसा स्थान बनना चाहिए जहाँ विभिन्न जातीय समूह एक-दूसरे के साथ एकदम सही तालमेल के साथ रहते हों।

मेरे सपनों का भारत ऐसा देश है जहाँ का हर नागरिक शिक्षित होगा। मैं चाहती हूँ कि मेरे देश के लोग शिक्षा को समझ सकें और यह सुनिश्चित करें कि उनके बच्चों को छोटी सी उम्र में नीकरी करने की बजाय शिक्षा हासिल करने का अधिकार मिले।

मैं चाहती हूँ कि सरकार सभी के लिए समान रोजगार के अवसर प्रदान करे ताकि युवाओं को योग्य रोजगार मिल सके और राष्ट्र के विकास के लिए युवा अपना योगदान दे सकें। मैं चाहती हूँ कि देश तकनीकी रूप से उन्नत हो और सभी क्षेत्रों में विकास हो सके। अंत में मैं चाहती हूँ कि भारत एक ऐसा देश हो जहाँ महिलाओं को सम्मान दिया जाते हैं, उनके साथ सभ्य व्यवहार किया जाता है और पुरुषों को रोजगार के समान अवसर दिए जाते हैं।

## मेरे सपनों का भारत

अपना देश जिन्हें प्यारा होता है उसी अनुसार उनके विचार होते हैं। जब राष्ट्रहित सर्वोपरि हो जाता है, तब उनके भविष्य संवारने के सपनों का सृजन होता है। मैंने भी अपने देश को लेकर कुछ सपने बुने हैं। मैं भारत को ऐसा देश बनने देखना चाहती हूँ जहाँ हर कोई शिक्षित हो। मैं चाहती हूँ कि हर कोई शिक्षा के महत्व को समझे और हासिल करने का प्रयास करे। भारत की सबसे बड़ी समस्या कर्महीनता है। हम दूसरों को उपदेश देने में प्रवीण हैं, पर स्वयं उसके विपरीत आचरण कर रहे हैं। मैं चाहती हूँ कि मेरे सपनों का भारत उदमशील हो। हमारे देश में साधु-संतों का बहुत सम्मान दिया जाता है परन्तु जो किसान और मजदूर जो अपने खून पसीने से देश को समृद्ध बनाने में अपना योगदान देते हैं उन्हें ज़रा भी आदर-सम्मान प्राप्त नहीं होता। ये लोग ठीक से अपनी भुख भी नहीं मिटा पाते हैं। मैंने अपने देश को जिस रूप में संजोया है उसमें किसान, मजदूर व व्यापारी एक खुशहाल जीवन व्यतीत करेंगे अतः मेरे सपनों का भारत एक खुशहाल एवं समृद्ध देश बनेगा।

## मेरे सपनों का भारत

भारत एक ऐसा देश है जो अभी विकास के मार्ग पर है। हमारे देशमें ऐसा बहुत कुछ है जिन्हें खत्म करने को प्रयत्न हो हमारा देश विकास के मार्ग पर सफलता पा सके, हमारे माननीय प्रधानमंत्री श्री नरेंद्र मोदी ने एक कदम स्वच्छता की ओर रखा है-एक कदम स्वच्छता की ओर "एवं" बेंटी बचाओ, बेंटी पढ़ाओ "आदि हमारे देश में कई ऐसी दुविधाएँ हैं जिन्हें निपटना होगा जैसे कि-शिक्षा, रोजगार, जाति, धर्म, भ्रष्टाचार, गरीबी, लड़का-लड़की में भेदभाव आदि।

शिक्षा :-हमारे देश में शिक्षा का बहुत महत्व है परन्तु आज भी ऐसे कई लोग हैं जो गरीब हैं और उच्च शिक्षा तो क्या अच्छी शिक्षा भी प्राप्त नहीं कर पाते हैं।

रोजगार :-हमारे देश में आज भी ऐसे कई युवा पीढ़ी के लोग हैं जो बहुत पढ़े-लिखे हैं परन्तु उन्हें कोई भी काम नहीं मिलता बेरोजगारी के कारण कई लोगों कि जिंदगी बर्बाद हो रही है।

जाति :-उच्च जाति के लोग हमेशा नीच जाति के लोगों का मज़ाक उड़ाते हैं,उनका मज़ाक बनाते हैं।

भ्रष्टाचार :-देश में आम आदमी भ्रष्ट राजनेताओं के हाथों पीड़ित हैं जो केवल अपने स्वार्थों उद्देश्यों को पूरा करने में रुचि रखते हैं। मेरे सपनों का भारत भ्रष्टाचार से मुक्त होगा। यह एक ऐसा देश होगा जहाँ लोग कि अलाई सरकार का एकमात्र काम होगा।

लड़का-लड़की में भेदभाव :-आज भी महिलाओं को अब तक पुरुषों से नीचे माना जाता है। मेरे सपनों का भारत ऐसा होना चाहिए जहाँ महिलाओं को पुरुषों से ऊँचा दर्जा जाए।

## मेरे सपनों का भारत

मेरे सपनों का भारत एक ऐसा भारत है जहाँ पर हर एक मनुष्य को गर्व हो की वह भारतीय है। जहाँ गरीबी का नामो निशान भी नहीं हो हर तरफ हरियाली और खुशियाँ हो। शुद्ध पर्यावरण और सुन्दर प्रकृति हो,सभी को रोजगार मिले,ग्रामीण क्षेत्रों में साफ पानी,विजली,स्कूल और अस्पताल हो। मेरे सपनों के भारत में भ्रष्टाचार, अव्यवस्था और दंगे कभी न हों, सड़को पर गहड़े न हों, बढ़ती आबादी की वजह से हर जगह भीड़ न हो,लोगों को अपने सपनों को पूरा करने के लिए विदेश न जाना पड़े, आतंकवाद की घटनाएँ न हो आदि।

मैंने सपना देखा है कि भारत में हर ईसान पढ़ा-लिखा को और ये तभी संभव है जब शिक्षा का सही तरह से प्रसार होगा। गाँवों के लोगों में शिक्षा के प्रति उत्साह पैदा होगा तभी देश उन्नति की ओर कदम रखेगा। यह ध्यान रखना होगा की सम्प्रदायिक दंगों पर रोक लगायी जाए। हिन्दू,मुस्लिम सिक्ख ईसाई,मिलजुल कर रहे और सभी में भाईचारे की भावना बढ़ता जा रहा है,सड़को को चौड़ा करने के लिए जहाँ पेड़ काटे जा रहे हैं। प्रकृति पर बहुत बुरा असर पड़ रहा है। गर्मी के मौसम में गर्मी बढ़ती जा रही है और ठण्ड के मौसम में ठण्ड। बढ़ती जनसंख्या को और बेरोजगारी को खत्म करना बहुत जरूरी है। आज जिस ओर देखा अपने स्वार्थ के बारे में ही सोचा जा रहा है। नेता देश को सुधार करने की जगह धन कमाने में लगे हुए हैं,अगर भारत को नेता ईमानदारी से काम करे और भ्रष्ट नेताओं से मुक्ति पा ली जाए तो काफी मुश्किलें आसान हो जाएगी।

जब सभी देशवासी देश को सुधारने के लिए कड़ी मेहनत करेंगे तो वह दिन दूर नहीं जब मेरा यह सपना सच हो जाएगा। तब मैं गर्व से कह पाऊँगी की ये है मेरा भारत।

## मेरे सपनों का भारत

जितना एक खुशी के पल बिताने में और खुशी के पल को बनाने में अंतर है,उतना ही सुन्दर मेरे सपनों का भारत है। दुनिया के सभी देशों में से भारत ही एक पौराणिक, ऐतिहासिक और सांस्कृतिक राज्य है। परन्तु इस पर कई ऐसे कलंक लगाते हैं। जैसा भारत में चाहती हूँ वह मैं अपने प्रधानमंत्री बनने पर करूँगी और आज से उसकी शुरुआत हो चुकी है। सपनों का सपना नहीं हकीकत में बदलना है। एक ऐसा भारत जहाँ सभी भाईचारे से रहे। किसानों को उनका पूरा हक मिले,बुजुर्गों को आदर,लड़कियों को सुरक्षा अदि सभी अनुकूल हो। छोटे-छोटे गाँवों से लेकर बड़े देशों तक सब काम पूर्ण हो। गाँवों की सड़को पर रात में अंधेरा न हो। सारे शहरों की सड़के स्वच्छ और फुटपाथों पर पेड़ लगाए जाए ताकि प्रदूषण काम हो। गरीब मजदूरों को झोपड़पट्टी में न रहना पड़े जिससे भारत में गन्दगी और गरीबी मिटे। मेरे सपनों का भारत जितना एक खुशी के पल बिताने में और खुशी के पल को बनाने में अंतर है,उतना ही सुन्दर मेरे सपनों का भारत है। दुनिया के सभी देशों में से भारत ही एक पौराणिक, ऐतिहासिक और सांस्कृतिक राज्य है। परन्तु इस पर कई ऐसे कलंक लगाते हैं। जैसा भारत में चाहती हूँ वह मैं अपने प्रधानमंत्री बनने पर करूँगी और आज से उसकी शुरुआत हो चुकी है। सपनों का सपना नहीं हकीकत में बदलना है। एक ऐसा भारत जहाँ सभी भाईचारे से रहे। किसानों को उनका पूरा हक मिले,बुजुर्गों को आदर,लड़कियों को सुरक्षा अदि सभी अनुकूल हो। छोटे-छोटे गाँवों से लेकर बड़े देशों तक सब काम पूर्ण हो। गाँवों की सड़को पर रात में अंधेरा न हो। सारे शहरों की सड़के स्वच्छ और फुटपाथों पर पेड़ लगाए जाए ताकि प्रदूषण काम हो। गरीब मजदूरों को झोपड़पट्टी में न रहना पड़े जिससे भारत में गन्दगी और गरीबी मिटे। मेरे सपनों का भारत जितना एक खुशी के पल बिताने में और खुशी के पल को बनाने में अंतर है,उतना ही सुन्दर मेरे सपनों का भारत है। दुनिया के सभी देशों में से भारत ही एक पौराणिक, ऐतिहासिक और सांस्कृतिक राज्य है। परन्तु इस पर कई ऐसे कलंक लगाते हैं। जैसा भारत में चाहती हूँ वह मैं अपने प्रधानमंत्री बनने पर करूँगी और आज से उसकी शुरुआत हो चुकी है। सपनों का सपना नहीं हकीकत में बदलना है। एक ऐसा भारत जहाँ सभी भाईचारे से रहे। किसानों को उनका पूरा हक मिले,बुजुर्गों को आदर,लड़कियों को सुरक्षा अदि सभी अनुकूल हो। छोटे-छोटे गाँवों से लेकर बड़े देशों तक सब काम पूर्ण हो। गाँवों की सड़को पर रात में अंधेरा न हो। सारे शहरों की सड़के स्वच्छ और फुटपाथों पर पेड़ लगाए जाए ताकि प्रदूषण काम हो। गरीब मजदूरों को झोपड़पट्टी में न रहना पड़े जिससे भारत में गन्दगी और गरीबी मिटे।

बाल मजदूरी को समाप्त करने के लिए सरकार को छोटी-मोटी दुकानों पर जाकर वस बात पर गौर करना होगा। बच्चे एवं नयी युवा पीढ़ी ही हमारे देश का उज्जवल भविष्य है।
